Dear Tony

1) Pritchard suggestion;
Use April 1992 Lynch notes
H. A. OC trust & put it in a
VA Land Trust.

2) You receive a set fee or
a percentage of sale -
on % of sale - would you
have to have a real estate
broker's license (a lot of
trouble) - if so is there a
way to do a Sinder's See
with none of that.

Shirley

Dear Tony,

My heartfelt apologies for writing unclearly and the additional angst that may have caused you. I'll try again - please call collect if once again my message doesn't have the clarity you seek.

1) The A Higham choice - A O'Connell gets 25% of Value sold - Anthony, Sheila + Jean Mary share tax expense plus whatever other expenses are incurred.

2) Virginia Land Trust as described to me by Art Prichard per your directive to me to call him. That is what would
(OVER)

have been the check amount April 1992 to the HAO'Connell Trust would be deposited in the Virginia Land Trust for you to administrate in maintaining & selling Accotink.

At the time I talked to Mr Prichard per your directive that was based on there being 1991, '93, '94. ~~checks~~ & '95 checks. We now know that all of these monies will be sent April 1992. From my own curiosity and clarity I would like to know from you what that '92 check to the HAO'Connell Trust would have been & what it will be ~~to~~ now that Lynch is paying off the loan.

I would much appreciate your ^{collect phone call or whatever} response to this letter as to whether or not you perceive clarity in my language and I also would much appreciate the numbers on what the '92 check would have been & what it will in actuality be now. I hear you all are having beautiful spring weather & snow - hope it is enjoyable. Love, Sheila

Dear Tony

You do know just how to
give a person a good day. The
birthday cartoons were terrific,
timely and got here before my
birthday. Thanks. I realized
after I wrote my last letter to
you that I had forgotten to let
you know my appreciation for the
birthday cartoons. But those checks for
thousands - now they really lighten the
load, and a big thank you to
the best.

How is the weather down there?
Here people are getting whiny about
how come it snowed forty-nine
inches in March and here it is
April and cold & clammy. Surely
Springfield Spring must be more
present than what we are getting.
What is going on here?

We continue to do recession big
time. We are seem to be getting quite
useful to it. Our downtown is emptying
out - more and more empty store
fronts. Lots of empty office space
and more & more unemployed
lawyers. Our news this week
is that we have 6 toxins in the air
over Portland some of which are
700% over "safe" levels according
to the EPA. Our police chief who I
cheer for who is everlastingly
courageous persists in his match
on the Dept of Human Services for
their inability to respond to the
community's calls that so so baby
or child is in jeopardy and sure enough
the baby or child is dead a few months
later and DHS has never responded
to either police or citizen calls. Very
bad! This guy Chitwood is really a lout -
he's from Philadelphia - he has done

So much for so many minority groups
here in terms of maintaining the police
force & their jobs so that they give
effective protection.

Pine is getting better & better
at his work and therefore feeling
more confident. I probably did
write to you that he broke his right
wrist, had walking pneumonia & the
began to feel nauseous, dizzy & like
his body was going to blow ~~up~~ up.
Antibiotics cleared up the pneumonia
the wrist in its cast continued to hurt &
he felt panicky as how his body was
escalating in sick symptoms - went to a doctor
who detected the problem (his blood pressure was
at the extreme level) Advil - his kidneys
an allergic reaction - regular

blood pressure and the happy couple's

Delighted to receive your letter - I'm surprised at the contents. Yes - I'd be delighted - as it were to be the front man for Acotink.

I had been under the impression that you had traced the lost money to the accountant, lawyer, stock broker so didn't understand your present concern about that - so now I

know that as far as you know that could get a piece of Acotink! Yes - back so I called our accountant who is an expert negotiator with the IRS - he says you're right!

so - send me the Acotink papers so I know what I'm standing on and show me - (underline or whatever) the part that they say entitles them to a piece.

My cell is 207 655 1767!
Two of us enjoying the simple things in life.

Dear Larry,

I GET IT!

Re: Your letter of May 5, 1999 to myself
and Jean.

I didn't remember because of
the number of challenges, crises and
traumas I've experienced since
May 5, 1999.

Account Entanglements!
CPA, ATT & stock broker - Your
point is well taken - (Don't think
JM is intimidated by people with
credentials - She just believes them
all as long as they not being currently
prosecuted. She believes they are the
secret aspects.

Anyway - ENTANGLEMENTS:
Mom died Sept '91 - Ed White was old then -
so I'm figuring he's left the planet. And
the ladies would be retired. I don't
remember which one but one of them was

retiring at the time to New Hampshire -
north where Dartmouth College is. So
that was 20 years ago so in one way or
another she would be gone from "the
playing field."

So what are these 'entanglements'?
Are they fees they say they are owed
or do they say you did something (i)
that cost them money so they said
you owe them money?

What are these entanglements?
